Medicare members, please call:
850.523.7441 or 1.877.247.6512

October 1 – March 31:
8:00am – 8:00pm, seven days a week
April 1 – September 30:
8:00am – 8:00pm, Monday – Friday
TTY 850.383.3534 or 1.877.870.8943

¹The National Committee for Quality Assurance (NCQA) has consistently recognized CHP as the top plan in Florida and amongst the highest rated plans in the nation, since 2005. According to its “Medicare Health Insurance Plan Ratings for 2019-2020”, CHP’s Medicare plan is rated 4.5 out of 5. No other health plan in the state of Florida achieved ratings this high for their Medicare plans.

About Capital Health Plan

Becoming a Medicare member of Capital Health Plan (CHP) helps protect you against the high cost of health care. We offer comprehensive care through our network of physicians, hospitals, and other service providers, with competitive premiums and robust plan designs.

Service Area and Eligibility

Capital Health Plan proudly serves Calhoun, Franklin, Gadsden, Jefferson, Leon, Liberty, and Wakulla counties in Florida.

To be eligible for our plans, you must live or work in our service area. To be eligible for our Medicare plans, you must be enrolled in Medicare Part A, and be entitled to Medicare Part B.

Capital Health Plan Metropolitan Health Center

Opening in the Fall of 2019, our third health center will include physician offices, an urgent care center, imaging, lab services, wound care, and the new Nancy Van Vessem, M.D., Center for Healthy Aging, a center designed with our growing senior population in mind. We are excited to further build upon our existing facilities to support our mission of providing quality, evidence-based care with nationally recognized customer service for our members. Visit capitalhealth.com for additional updates.

State of Florida Retiree Benefits

Capital Health Plan State of Florida Retiree Advantage (HMO) and the new Capital Health Plan Retiree Select Advantage (HMO) allows Medicare eligible members and dependents to continue their employer-sponsored coverage, with limited changes and offering all of the benefits of Medicare plus more.

State of Florida retiree members will begin receiving their prescription drug benefit, including mail order, through CHP. You may see some differences in the list of covered drugs, or better known as the formulary, and how they are covered. The formulary lists restrictions and cost sharing tiers, with the possibility of some of your current medications belonging in different cost sharing tiers where new restrictions may apply. Some medications may no longer be covered. CHP recommends that you review the updated formulary by visiting our website at capitalhealth.com/Medicare. You will receive a new ID card, which must be presented to the pharmacy to receive your drugs through CHP. Please also note the following for State of Florida Medicare Retiree Advantage members:

- The fitness benefit you are currently eligible for becomes an individual benefit and not a per household benefit. This means that you and your dependents can now each enjoy this benefit.
- A unique benefit for our Medicare Advantage members is the eye wear benefit. You can receive up to \$150 reimbursement every two years for the cost of eyeglasses or contacts. If you go to one of our CHP Eye Care Centers, they will deduct this from the cost, otherwise you must submit receipts for reimbursement.

Physician Network

Capital Health Plan (CHP) members have access to an expansive network of physicians, including exclusive access to the Physician Group of Capital Health Plan located at CHP's three health centers.

In addition, CHP also has a broad network of affiliated primary and specialty care physicians located throughout our service area who provide care to our members in their own offices. CHP's network also includes hospitals and other clinical facilities throughout the service area for use when medically appropriate.

Physician Group of Capital Health Plan

CHP's health centers offer a broad range of preventive, primary, and specialty care services including evening and weekend urgent care, lab services, X-ray, digital mammography, colon screening, an eye care service, wound care, and a center focused on healthy aging.

The Physician Group of Capital Health Plan is focused solely on taking care of CHP members and are board certified physicians employed by CHP. Whether you are a longtime patient or new to their practice, every aspect of your patient-centered medical care is coordinated by a primary care physician dedicated to improving your health.

Worry-Free Travel

Capital Health Plan members are covered for urgently needed care, emergency services, and renal dialysis anywhere and anytime in the world. We also participate in the BlueCard Program®. This program provides coverage when appropriate for our members who are traveling outside the service area.

The BlueCard Program®

When you travel outside Capital Health Plan's service area, your coverage travels with you. The BlueCard® Program, including BlueCard Worldwide®, gives you access to BlueCard® participating providers and the independent BlueCross® and/or BlueShield® organizations throughout the world for both emergency and urgent care services. As with your Capital Health Plan membership, you won't have to fill out any claim forms. You will pay a copayment at the time of service as long as you use a BlueCard® provider.

Health Information Line

This 24-hour resource is staffed by health care professionals who can assist members with their health-related questions by calling 850.383.3400.

Capital Health Plan
Metropolitan Health Center

With our commitment to preventive care, Capital Health Plan offers our members something unique. Not only do we manage their health care through our large provider network, but we also have physicians and medical professionals who deliver care directly to our members at three high-quality health centers.

CHP Metropolitan Health Center

1264 Metropolitan Blvd., Tallahassee, FL

Opening Fall 2019, this new facility will include physician offices, an urgent care center, imaging, lab services, wound care, and the new Nancy Van Vessem, M.D., Center for Healthy Aging.

CHP Centerville Place Health Center

2140 Centerville Place, Tallahassee, FL

The Centerville Place Health Center offers primary care physician services, X-ray and lab services, CHP's Colon Screening Program, and an eye care center.

CHP Governor's Square Health Center

1491 Governor's Square Blvd., Tallahassee, FL

The Governor's Square Health Center offers primary care physician services, X-ray and lab services, digital mammography, select imaging services, and an eye care center.

Choosing a Primary Care Physician

One of the most important health care decisions you will make is selecting your primary care physician (PCP) — your health care partner and coordinator for everything pertaining to your health. You can select a PCP from our large, stable network of providers listed on our Provider Directory at capitalhealth.com/directories/provider-directory.

Accessing Specialty Care

As a CHP member, you can access most specialists through direct appointment access. However, we encourage you to talk with your PCP before seeing a specialist as they can help coordinate your specialty care with your unique needs and medical history in mind. Your PCP can also assist with obtaining a referral or seeking pre-authorization for services, if necessary. You can view a list of specialists on our Provider Directory at capitalhealth.com/directories/provider-directory.

Online Tools

Have a question about your health care? CHP will help you find the answers.

Healthwise® Knowledgebase

The Healthwise® Knowledgebase is a searchable medical encyclopedia providing descriptions of symptoms, pictures, and treatment options. Covering more than 8,000 topics on health conditions, medical tests and procedures, medications, and everyday health and wellness issues, this tool helps members learn more about their health and become active partners with their doctors.

- **Video Library**

The Healthwise® Video Library is a searchable database of educational videos on a range of health topics. These videos will show members things that might be difficult to grasp with just words—“how-to” medical instructions, explanations of complex concepts, even illustrations of medical procedures that members may be facing. Videos that explain what will happen, and why, can help reduce anxiety.

- **Symptom Checker**

Symptom-based interactive topics can help members assess health concerns and determine when to seek care from a health professional. Members will receive treatment recommendations based on individual responses to triage questions. Topics also include significant self-care information so members can learn how to treat conditions at home when appropriate and prevent a future occurrence. The information will also help members prepare for appointments.

- **Shared Decision-Making Tools**

Decision Points help members determine the right course of action when making critical health treatment decisions. Members can even “try on a decision” to see what works best for them. Decision Points provide the framework and information necessary for members and their doctors to make wise health care decisions together.

Visit capitalhealth.com/state to:

- Access benefit documents and order a new ID card through CHPConnect.
- Search for a provider, facility, pharmacy, or medication.
- Check your symptoms, watch in-depth health videos, read health articles, and use online medical decision-making tools with the Healthwise® Knowledgebase.

* Retiree Select Advantage (HMO) - Option II is an individual plan option available for retirees and their spouses who are Medicare eligible.

This information is not a complete description of benefits. Contact the plan for more information. Limitations, copayments, and restrictions may apply. Benefits, premiums and/or copayments/coinsurance may change on January 1 of each year. The formulary, pharmacy network, and/or provider network may change at any time. You will receive notice when necessary.

¹The National Committee for Quality Assurance (NCQA) has consistently recognized CHP as the top plan in Florida and amongst the highest rated plans in the nation, since 2005. According to its "Medicare Health Insurance Plan Ratings for 2019-2020", CHP's Medicare plan is rated 4.5 out of 5. No other health plan in the state of Florida achieved ratings this high for their Medicare plans.
