7 GREAT REASONS TO CHOOSE CHP

1

Affordable plans for all budgets:

Everyone should be able to get quality, comprehensive health coverage – that’s why CHP created affordable individual and family plans offered on the Federal Health Care Exchange. With CHP, routine health screenings and tests, including the seasonal flu shot, are fully covered under your plan.

2

Nationally recognized for quality and service:

CHP puts you first by prioritizing better patient care, member satisfaction, and affordability.

3

Large network of doctors, hospitals, and other medical services:

CHP offers an extensive network of primary and specialty care physicians located throughout the community. Our network also includes hospitals, outpatient centers, and other healthcare facilities.

4

Primary care and special services included:

Your CHP plan provides complete medical care, including primary care and specialist services; inpatient and outpatient care; hospitalization; mental health and behavioral health services; maternity and newborn care; testing; and X-ray and lab services.

5

Prescription drug coverage and home delivery:

Your CHP plan covers a wide range of medical prescriptions, including generics, brand-name, and mail-order options.

6

Three exclusive CHP health centers:

CHP operates three state-of-the-art health centers exclusive to our members. These centers provide a broad range of services including access to CHP-only physicians, evening and weekend urgent care services, labs, x-rays, digital mammography, colon screening, and wound care.

7

24/7 Telehealth services: Connect day or night with a telehealth doctor for many common illnesses (flu, ear infection, pink eye, etc.).

Premiums as low as \$0 per month

cost depends on your subsidy level and county of residence

Our Mission

We exist to improve the health of our communities by providing high quality, comprehensive health plans with low administrative costs, through primary care focused, patient-centered healthcare.
