Coverage for: Employee or Family | Plan Type: HMO

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, at www.capitalhealth.com/sbc. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary or call 1-850-383-3311 to request a copy.

Important Questions	Answers	Why This Matters:	
What is the overall <u>deductible</u> ?	\$1,400 per individual coverage. \$2,800 per family coverage. Does not apply to preventive care.	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the policy, the overall family deductible must be met before the plan begins to pay.	
Are there services covered before you meet your <u>deductible</u> ?	Yes. Preventive Care.	This <u>plan</u> covers some items and services even if you haven't yet met the deductible amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive</u> <u>services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive</u> <u>services</u> at <u>https://www.healthcare.gov/coverage/preventive-care-benefits/</u> .	
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.	
What is the <u>out-of-pocket</u> <u>limit</u> for this <u>plan</u> ?	Yes. Global In-Network: \$3,000 per individual coverage. \$6,000 per family coverage	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this plan, the overall family <u>out-of-pocket limit</u> must be met.	
What is not included in the <u>out-of-pocket limit</u> ?	Premiums, prescription drug brand additional charges and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.	
Will you pay less if you use a <u>network provider</u> ?	Yes. See <u>www.capitalhealth.com</u> or call 850-383-3311 for a list of <u>network providers</u> .	Be aware, your network provider might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your provider before you get services.	
Do you need a <u>referral</u> to see a <u>specialist</u> ?	Yes. Some specialists require a referral. For a list of specialists that require a referral go to <u>capitalhealth.com/ReferralAndAuth</u>	This <u>plan</u> will pay some or all of the costs to see a <u>specialist</u> for covered services but only if you have a <u>referral</u> before you see the <u>specialist</u> .	

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost-sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
